ASSESSMENT

3. ASSESSMENT REQUIREMENTS

Assessment tasks:
- Assessment is generally progressive with multiple assessment tasks to be completed for each unit of competency. Assessment tasks and methods will vary from unit to unit and may include a combination of online computer-based learning, theory and practical demonstrations. The Unit contains learning content, case studies, formative assessments and learning checkpoints.

Task submission:
- Assessment tasks must be submitted by the due date unless an extension has been granted. Students are entitled to two re-submissions per item following an initially inadequate assessment.

INDUCTION AND SUPPORT

4. INDUCTION AND SUPPORT

Pre-enrolment:
- By completing pre-enrolment assessment prior to enrolling in this qualification, you will be assisting us to evaluate your suitability for the course and to tailor support services to meet your individual needs. A Student Support Officer will review your pre-enrolment information and, if appropriate, contact you to discuss options to assist you to participate productively in the course.

Course induction:
- An induction session to be held at the outset of the course comprises an overview of the industry, including relevant legislation, and covers course content, delivery and assessment arrangements and course completion requirements. A general orientation to college facilities, rules and safety procedures is also provided.
- Orientation to our online learning management system will also be provided by the trainer.

Individual support:
- Your trainer can provide email and telephone support throughout the course. All enrolled students also have access to a Student Support Officer who can provide advice and assistance or facilitate external support.
