Commencement & Orientation

When you start your course, you'll need to complete your INF/WHS units during your first month. You'll also need to have finished all theory for CHCCCS031 by the end of that first month. These units are important to help you get ready for your placement and ongoing study.

If You Don't Meet These Requirements (By the End of Month 1)

If you haven't completed the required units by the end of your first month, you'll be moved to the next month's intake. This can only happen once, so it's really important to stay on track. You won't be placed into the rolling class until you've finished the INF/WHS units and all theory of CHCCCS031.

Rolling Units (Once You're Eligible)

Once you've met the above requirements, you'll move into the rolling units. You should aim to complete all theory and practical classes within 4 months – that's the ideal timeframe. A 6-month completion is acceptable, but it's not preferred. If your enrolment goes beyond 6 months, we'll need to take action to finalise your enrolment – this means completing your course or withdrawing.

DELIVERY

Connected Learning.
Mandatory, face to face induction sessions, followed by face to face classroom training for each unit and eLearning assessment.
